

## Fabripole - Portable Fabric Display

Fabripole is the ultimate fabric-tensioned display system designed for elegant portrayal of your brand in exhibition, event or retail environments.

Make a big impression and create your own indoor billboards, backdrops, room dividers and walls of any length, up to 6m high.

For something a little different, create convex, concave and wave-shaped graphic walls.

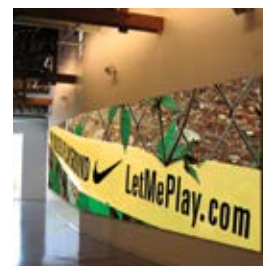

Construct sturdy, free-standing towers of various shapes and sizes including circles and octagonal's.

Fabripole can also be used as a banner stand.

Available in single or double sided, curved or straight.

Alternatively transform your wall space into a fabric mural using the optional wall mounts.

Fabripole hardware comes with a manufacturers 10 year guarantee.
